

NCAA March Madness Fundraiser

Rosary's Sports Boosters are organizing a "NCAA March Madness Fundraiser". They are selling squares on March Madness Boards. There are 3 separate boards to choose from (\$25 Board, \$50 Board, \$100 Board), each board has 100 squares. After all squares are sold, numbers are drawn at random. Those numbers are good for every game in tournament for multiple payouts per square.

Rosary's Sports Boosters will keep track of all boards and will issue payouts at the completion of tournament.

General Rules:

1. There are 64 teams in the NCAA Tournament; there are 63 games played during the tournament
2. Each "board" will pay out 63 times, one payout for every game played
3. The winning square will be determined by ending digits of *FINAL* score of the game (winners are along the x-axis, losers along the y-axis)
4. Your square numbers are the same for all 63 games played
5. The "board" does not include the "Play-In" game

Board Payouts:
